ISLAND WINGS

Recommended by many Alaskan guide books, Island Wings offers the best air excursions within the Tongass National Forest! Flying in Alaska's finest maintained aircraft you will enjoy a panoramic view from every seat, a personal narration, music to fly by, and communication with your pilot via noise cancelling headsets. All tours include complimentary ground transfers.

MISTY FJORDS FLIGHTSEEING TOUR

Our most popular tour takes you into the heart of Misty Fjords National Monument — a 2.3 million-acre landscape carved by massive glaciers. This vast, old-growth wilderness is extremely unique, precious and rare throughout the world. You'll see alpine lakes surrounded by ancient forests and snow capped peaks. Marvel at sheer granite walls, ribboned with waterfalls, rising 3,500 feet out of saltwater fjords. During a stopover, you will land on a pristine mountain lake or saltwater fjord of breathtaking beauty. Take some photos, stretch your legs and drink in the silence of the giant forests of Spruce, Hemlock and Cedar. This visit to wild Alaska is an engaging and emotional experience you'll never forget!

TWO HOUR TOUR INCLUDES: 75 min. flight time & a 45 min. stopover. Please allow an additional 15 minutes before and after the tours for ground transfers.

- GLACIER / FJORDS COMBINATION TOUR: 2.5 Hours
- MISTY FJORDS GUIDED HIKING TOUR: 3.5 Hours
- MISTY FJORDS GUIDED FLY-OUT FISHING TRIP: 4 Hours

BEAR WATCHING TOURS — FULLY GUIDED

- **Anan Creek (July and August) 5 Hour Tour**
World renowned bear viewing! Anan is a remote and spectacular place to observe both black and brown bears fishing for salmon. A wildlife experience not to be missed!
- **Traitors Cove (August and September) 4 Hour Tour**
Beautiful Traitors Cove offers pristine black bear viewing! Come and see Alaska's real fisherman in action!
Both tours include a guided ¼ mile walk on a trail through old growth rainforest to the observation deck built above a waterfall where the salmon congregate.

Founded in 1993, Island Wings Air Service is owned and operated by Michelle Maaden who became a pilot in 1978.

Many years of experience in southeast Alaska and a genuine love of flying make her the perfect guide to this spectacular wilderness. Whether you are looking for bears, whales, fish or just awesome scenery, Island Wings will take you there!

Air tours conducted in the Tongass National Forest are operated under a permit by the US Forest Service.
